PRICE THREE CENTS

Will the Value of Your Fault If You Lecture on Program Your Home Go Up Lose Your "Pep" or Down?

An Important Question on Narberth Property Values

The value of your property is one of your most vital considerations. An increase in values can only result to your advantage, but a decrease in values not only affects your tangible assets, but through a decrease in borrowing capacity is apt to call for a cash outlay.

Many things can affect the value of your home. Building restrictions, a continuation of Borough improvements and school facilities will increase property values. Demands of a growing population for homes in suburbs which are restricted for the most part to individual residences will enhance the value of your Narberth home.

There is no property in greater demand than suburban residences on the Pennsylvania Main Line. In Narberth there are many examples of recent property transfers where the sale price was double the original purchase price. This condition is gratifying to every resident of Narberth and it does not require a great deal of reasoning or arithmetic to appreciate the benefits to every property owner in the Borough.

As a consequence of this splendid condition our residents will wish to guard against any possible deflation in residence values which may be brought about through any number of causes.

Let us consider a few potentialities. Suppose your home is on Wynnewood avenue and that the three properties adjacent to yours change hands and a four-story apartment house is erected. Would it not affect adversely the value of your property and others in the neighborhood, for strictly residential use?

Or suppose you live on North Narberth avenue and in your immediate neighborhood is erected a public garage with one corner of the building divided off for a plumbing shop, or for tailoring establishment.

Suppose a business building of any kind is erected or a residence converted into a store property on Wynnewood avenue, Montgomery Pike or any of the much traveled and populous boulevards of our town. Would property in Narberth be so attractive to those on the outside looking in, in their quest for a suburban dwelling?

Each of these potentialities is not impossible of becoming an actuality under present conditions in the Borough.

But such possibilities can be averted by the establishment in Narberth of a reasonable zoning ordinance which would confine the use of property for business or apartment purposes to certain definite boundaries, regulate the placing of private garages on the lot, and prohibit the erection of solid rows of houses such as are found in the city. Such an ordinance in the Borough is

Expert Talks on Health Plans Maturing for Minstrel Show

Announcing health, much vigor and plenty of "Pep" were present at the Community Club meeting last Tuesday. Dr. Eva Blake, of Philadelphia, who has just returned from the West, where she has been doing special work among college girls, spoke on "Constitutional Health."

If you are losing your "Pep," said Dr. Blake, "you may be sure that it is your own fault. Three meals a day with very little candy between and the right amount of exercise will make you feel like a real person."

She emphasized the vital necessity of sleep in preparation for "tomorrow's work," rather than as a rest up after the over-exhaustion of yesterday. Her talk ended with an exhibition of such standing and walking.

Miss Black, the visiting nurse for the district including Narberth, demonstrated the use of the apparatus for home manufacture of milk. She told of the proper proportions to use and what should be added to cow's milk to make it as good as mother's milk as possible. She explained how long to heat the milk and at what temperature to have the water and how to cleanse the bottles.

This apparatus is a part of the "comers for the Sick" department and can be borrowed the same as can the crutches, hot water bottles, and other articles.

Mr. Robert Lesley, President of the Main Line Citizens' Association, gave a talk on the visiting nurses along the Line. He said there were four nurses on duty at the time. They aim not only to cure disease, but to keep disease from getting a hold on the community. In the past year the nurse has made four hundred visits in Narberth. There is a Nursing Centre and Baby Clinic in Ardmore and advice is free to all.

Mrs. Horace I. McConnell entertained the club with readings from Tom Day's "Macaroni Ballads."

The Sewing Class meets on next Wednesday 1 to 3:30 P. M. at the home of Mrs. G. W. Orth, 210 Essex avenue.

The Committee on Education has planned another walk back into the country. Thursday is the day set, and the start will be from the Y. M. C. A. at 10 A. M.

RETURN FROM SOUTH.

Dr. and Mrs. Samuel Z. Shope, of 108 Iowa avenue, Narberth, who have been in Florida since about January 1st last, have returned to Philadelphia, where the Doctor has resumed his practice as an eye and ear specialist, at 2018 Chestnut street.

His many friends in Narberth and Philadelphia will be delighted to know that Dr. Shope has recovered from the effects of his automobile accident and that he is once more showing his usual vigor and health, and manifesting his wonted zest and enthusiasm for his professional work as well as the civic, patriotic and philanthropic interests which are so dear to his heart.

Dr. and Mrs. Shope are occupying their city winter apartments at 2018 Chestnut street until May, when they will reopen their Narberth home.

TO OBSERVE GARDEN WEEK.

The Women's Community Club, through the Community Library, will have one of the Narberth organizations interested in National Garden Week, April 22nd to 28th.

The Garden Club of Narberth is back of the project, and Our Town will cooperate by publishing a special issue devoted to gardens on April 21st.

National Garden Week will be observed all over America, its object being to beautify and improve the towns of America, and to give a boost to home gardening. Special emphasis will be placed on tree planting, rose gardens and other improvements which will help to make Narberth still more beautiful than it now is.

Mrs. Leroy Douglass, of Elm Terrace, is spending the week-end in Altoona.

Mrs. H. A. Jacobs, of Elmwood avenue, left last week for a visit to Atlantic City, N. J.

The FIRESIDE Of Legion

Plans Maturing for Minstrel Show

The Entertainment Committee announces an interesting program for next Monday night in the lecture to be given by Mr. Hoffknight on the development of Philadelphia as a port. The talk will be illustrated by lantern slides and should be very interesting. It is really laughable at times to see how little a citizen knows of his own city, and Monday night should prove an excellent opportunity to learn of Philadelphia's place in the shipping world.

The announcement of the lecture also calls the attention of the members to the necessity of active cooperation in the matter of the dispensing of the tickets for the show on April 6th. While the committee in charge has done some very good work among those interested, it is not possible for them to do it all.

For the enlightenment of a citizen, this is going to be some show. And at this point it is difficult for us to refrain from spoiling the whole pot and from giving away the song numbers. Suffice it to say that the opening chorus has been adapted from a famous operatic piece and so phrased as to be of interest to every Narberther. What could be better?

It has been said on good authority that Nash and Shaw are going to "go a skit dangerously near stark reality, entitled, "After the House is Sold, Dearie." However, that is mere rumor and should be taken only at face value.

Clarence Long has been besieged with requests to sing at private concerts. Since his amazing performance at rehearsals, while Bill Fritz has been bothered for autographed photographs from all the dappers within the radius of three miles.

Shinn's female impersonation is a knockout! His skirt dance alone is worthy of some of the larger vaudeville circuits. It has been given out unofficially that extra beams and braces have been put under the stage to comply with the demands of the underwriters.

Charlie McKillips will again thrill dapper hearts with a haunting melody and with that piece of good news we can rest in peace!

LUTHERANS DEFEAT METHODISTS

The Lutheran and Methodist teams of the Inter-Church Bowling League played three very close games on Friday evening, March 16th, the former team winning two games, and tying with the Baptists for first place in the percentage column. The Lutherans won the first game by eleven points, but the Methodists came back and won the second by the same number of points. The third game proved easier for the Lutherans.

The score was as follows:

Intercounty Conference and Luncheon.

The second intercounty conference and luncheon of the Pennsylvania League of Women Voters for the South-eastern Counties will be held at the Bellevue-Stratford on Saturday, April 21, at 12:30 o'clock noon. The subject of this conference will be "Immigration." Prof. Robert Dett, of Washington University, an acknowledged authority on biology, will speak on "The Racial Side of Immigration."

Another distinguished authority on immigration will be Dr. L. Ward A. Steiner, of Grinnell College, Grinnell, Iowa, who will speak on "The Education of the New Race." Dr. Steiner has spent many years of his life studying our immigration problem, making innumerable trips to and from Europe in the storage, and there is no doubt that his address will be intensely interesting and instructive.

The Narberth League has a standing order for a table of ten. Members desiring to make reservations, kindly do so as soon as convenient.

THE POETIC STATESMAN.

The Hon. Fletcher W. Stiles, Narberth's representative in the State Senate, former baseball star and Chief Burgess, made quite a speech on Wednesday of last week in favor of prohibition enforcement.

A custom familiar to Narberth audiences was invoked when he recited choice bits from James Russell Lowell in the course of his oration. That was not so bad, but a few hours later in the discussion he was moved to creation, and delivered the following original epic to the assembled statement: "A Lehigh man, he went to church."

With alcohol on his hip; And when he finished with his prayers, He tried to take a nip.

Sad to relate, his booze was gone, For Pinchot took his car; Now when he goes to say his prayers, The booze stays at the bar.

THE SEVEN LAST WORDS.

This beautiful cantata by Theodore Dubois, will be sung by the chorus choir of the Methodist Church on Sunday, March 25th, at 7:45 P. M.

This work, like the "Crucifixion," which was sung by the choir during the last Lenten season and the one previous, ranks with the masterpieces in oratorios. It will bring a message to you, and you will be drawn nearer to Christ if you hear it.

Come and worship with us to-morrow evening to receive more fully the spirit of this most wonderful season in the Christian life.

A NEW BUSINESS.

The Misses Gold announce the opening of a beauty parlor in Narberth next week.

The new business will be located at 211 Haverford Avenue, on the second floor, middle room. The room is being completely equipped for the purpose.

It is expected that the shop will be opened about Friday of next week. Hair bobbing, Marcel waving, etc., will be done, the proprietors specializing in the "scientific care of face and scalp."

Several weeks ago, the Narberth Civic Association made inquiry as to the new businesses needed in Narberth, and a beauty shop was one of those mentioned. The announcement of this new shop comes in fulfillment of the idea. The new business will be a distinct addition to Narberth's industry, and another reason for keeping Narberth's business in Narberth.

St. Patrick himself could not complain of the greenery that trimmed every nook and corner of Elm Hall last Saturday evening, when the Tennis Club held its largest and jolliest dance of the winter. The harp, which Mr. Wine installed with green lights, was silent, but the orchestra made up for that. The music was exceptionally good, and tuneful and peppy enough to suit the most enthusiastic dancers. The balloon contest dance furnished the excitement and fun of the evening, and brought the winner a five-pound box of candy.

Announcement of the April dance will appear in Our Town soon. Watch for it, and save the date.

Crowell is Elected Baseball Manager for 1923

Narberth Will Play in Main Line League

Walter G. Crowell was re-elected manager of the Narberth Baseball Team at the organization meeting held Thursday night at Elm Hall.

The meeting, presided over by President Robert J. Nash, was attended by League members for the conference and a goodly crowd of enthusiastic fans and players. Two questions of interest had to be decided. The first of these was the decision as to whether or not Narberth would again take membership in the Main Line League; the other was the election of officers for the coming year.

Mr. Nash, in opening the meeting, said: "The Narberth Baseball Team represents the community of Narberth. All baseball fans, and that means practically every resident, are cordially invited and urged to take an active interest."

The question of membership in the league was discussed at some length, as was that of the advisability of paying the battery in order to prevent Narberth baseball talent from going away to play on other semi-professional teams. Robert J. Edgar, President of the Main Line League, announced that four clubs had already been signed up for the new season, and that a fifth, Bryn Mawr, had the matter under consideration. It was certain that there would be no hanging organizations this year, such as Stratford in 1922.

It was strongly urged that a stiff guarantee be required in order to prevent teams from defaulting at the end of the season and disappointing the fans of the town they were scheduled to play. This happened on several occasions last year. Mr. Edgar stated that the rules of the League were still open, and would be until the full complement of six clubs had joined. That will make it possible to strengthen the financial guarantee required.

Several of those present spoke strongly in favor of league ball, in preference to maintaining an independent team. The spirit of rivalry and competition of former years were spoken of. Mr. Whistler, score keeper last year, and an out-and-out fan, said: "Let's get out and fight! Beat Ardmore, beat Berwyn. Stick together, beat Narberth and have some real enthusiasm."

Fred Walzer also was in favor of the old-time competition. "They all hate and fear Narberth," he said. "We have always fought hard, even when losing. Narberth has always been one of the big teams of the league. League baseball is a big asset to any town."

When the vote was taken it was practically unanimous that we were to join the League again.

Mr. Nash, in calling for the election of new officers, expressed the view that the control of the club should rest in the hands of those who pay the bill. He said that it was his ruling that only the actual members were entitled to a vote for the officers. An invitation was made at the meeting for new members, and 38 memberships at \$10.00 were secured. These 38 members then proceeded to nominate and elect officers for the coming year.

Mr. Nash was unanimously re-elected President; A. C. Shand, Jr., and J. J. Cabrey, Vice Presidents, and Charles E. Harnden, Secretary and Treasurer, by unanimous vote to succeed themselves in office.

The question of the managership resulted in a split vote and a rather exciting contest. The two nominees were

Editorial

(Continued from Page 2)

The desire for improvement seems to influence people at this season. If you asked a man to clean up disorder around his place in July, he might even postpone the suggestion.
But in spring some line of outburst, emphasized by the bright sunshine and soft breezes and cheerful bird songs, seems to put a new spirit into the heart. The man who at other times is indifferent to appearances, will come forth in his overalls and jumper, prepared for home deeds with rake, spade and broom.

This impulse toward industry should be worked for all it is worth. A Good Friday or Week should be appointed in every community. The home folks should be organized and encouraged to get their workers, each family to take the clean up its own action. As they should be encouraged to get some touch of beauty to their grounds. Municipal authorities should be urged to make careful arrangements for street cleaning for the season. Landlords should be reminded that their buildings will rent better if kept well painted and repaired.

An incessant stream of visitors passes through our towns to-day, and Narberth is under constant inspection by visitors. These folks form impressions, not so much from superficial appearances of prosperity like costly buildings, as by the degree of neatness and taste shown in the care and improvement of dwellings and their surroundings.

Indications like these reflect the character of the people who live in a place. A city that keeps itself scrubbed and combed, whose homes show a love for beauty, by neat lawns and pretty flowers, gives a name for self respect and culture. Visitors pass along the world that it's a fine town.

NEWCOMERS

A speaker at a community affair in another city found fault the other day because there is so much tendency to regard newcomers to a town as people who are to be "worked" for every one's benefit. The first thought of everyone, he said, is what can I get out of these people. Business men are hoping to secure their trade, salesmen want to sell them something, the societies want to get them to join.

The newcomers do not object to being approached by all these folks if they do it in a friendly way. They would much rather be noticed and welcomed than ignored. When they are solicited to do this or that they feel at least that they have come to a live community.

The right attitude toward newcomers is to make them feel at home just as soon as possible. The folks who live on the same street where they have located have a responsibility. If they refuse to speak to a newcomer and hold themselves coldly distant until they have been introduced, those newcomers are going to say that Narberth has no friendliness and they will be restless and discontented. This frequently occurs.

Newcomers feel lonely when they first move into a place, much like the proverbial cat in a strange garret. All these unfamiliar faces look cold and aloof. Now if the neighbors can greet them heartily when they move in it will make a world of difference.

The good old custom of calling on strangers should be revived or kept up. Make a newcomer feel that he is heartily welcome and he will not mind if the butcher, the baker and the candlestick maker are all hustling to get his trade, and the Order of Deedunks makes a drive for his membership at an early date.

JUMPING AT CONCLUSIONS

Should something go wrong with the carburetor of your auto, would you immediately blame the gasoline? Of course not. Yet many persons, when they experience trouble with a gas light or gas appliance, at once jump to the conclusion that the gas is at fault. Before blaming the gas, we ask that you notify us to make an inspection. No doubt a little cleaning and adjusting—for which there is no charge—will promptly correct the trouble.

ALL THE HEAT IS USEFUL

The burners of the new Gas Ranges now on display are so perfected that you get all the heat out of the gas; even when the utensils are close to the flame, the gas burns without smothering or smudging the kettles, pots and pans.

When you use good, clean gas, such as we supply, and know that you are getting all of the heating quality out of it, you are assured of a fuel of unequalled quality and much less expensive for the work done than any other fuel. Isn't it time you were thinking of dressing up your kitchen with a new Gas Range?

MORE LIBRARY IMPROVEMENTS.

New Screens Help to Keep Books in Better Order.

The Library has now solved its problem of keeping the books in order on the shelves during the hours when the Library is closed. Formerly when opening the Library much time was consumed in arranging the books according to the order adopted, which is alphabetically by authors. This is the usual method employed for the arrangement of books of fiction to facilitate the location of a desired book. Before closing the Library at night it was necessary to do this work over again, since the shelves are open to the borrowers of the Library and not every one is careful to return a book to its proper place. Many liberties were taken with the books during the week also, when the Library was closed, so that a thorough going over was necessary before the shelves were ready for use on library days.

Now, however, with the new screens fitted to the book cases, the Library presents a far more orderly appearance on all occasions, and with less effort. The screen work was done by W. D. Smalley at a very low figure, and the padlocks which fasten the screens to the shelves are the gift of Mr. Jesse Harris, of Merion avenue. More than one woman with an eye to personal adornment has asked for one of those padlocks to serve as a neck ornament. The Library, however, considers them too valuable in their present places to grant such a request.

Voluntary contributions continue to arrive books and magazines and library helps. The outstanding feature of this week's gifts is a package of pads of white bond paper from Mr. Wm. Sharpless, Vice President of S. H. Bulbank & Co., Philadelphia, and a similar package of scratch pads from J. Penrose Dunwoody, of the Noel Printing Company.

Mr. Philip Livingston, editor of Our Town, has contributed to the Library a year's subscription to *Junio*, *Junio* is a magazine of which Mr. Livingston is managing editor, and of which he and a group of his friends at the University of Pennsylvania are contributors. There is always something stimulating in the mere title page of a publication which bears the imprint "Volume One, Number One," something brave and venturesome also. The Library wishes well the youthful "spinners of the sun."

NEARBY WOMEN'S CLUBS

Bala-Cynwyd

The Charter Dinner that the Woman's Club of Bala-Cynwyd is to give Tuesday, April 3rd, at Green Hill Farms, Overbrook, promises to be a noteworthy occasion. This is the first "husband and wife dinner" which the club has given, and Mrs. John M. Young, who has the evening in charge, is planning with her capable committee, that the event shall prove a landmark in the club's history.

The recently obtained charter will be on exhibition, and Mrs. George E. Bean, an ex-president of the club, will give a resume of the club's activities. Major Vivian Gilbert, the actor soldier, will talk, and musical selections will be given by Miss Julie Myers, harpist, with Mrs. Ray Daniels Jones at the piano, and Mr. M. M. I. Meyers, pianist.

Woman's Club of Ardmore

On Saturday afternoon, April 21st, at 2 P. M., a Spring Card Party will be given by the Woman's Club of Ardmore. Mrs. Alex. C. Williams, chairman of the Committee, promises a most delightful afternoon, with many beautiful prizes. The tickets are 50 cents each, tables \$2.00, and there will be tables for all to enjoy any cards they may wish to play. The proceeds will go toward the redecoration of the Club Auditorium. There will also be a Food Sale the same afternoon in the hall of the club, with many goodies, all home-made. As many women in Narberth enjoy cards, the members of the Woman's Club will appreciate any co-operation, and tickets may be secured from Mrs. John B. Brooks, a member of the Committee, by calling Narberth 1218. Do not forget the date, and be on hand to enjoy the afternoon with your friends.

SETS ARBOR AND BIRD DAYS

In a recent proclamation, Governor Pinchot has designated Friday, April 13, and Friday, April 20, as Arbor and Bird Days, respectively, and requested that they "be appropriately observed throughout the Commonwealth by the planting of trees, the study of bird life and such other exercises as will develop a fuller appreciation and a better understanding of our birds, trees and forests."

KEEP THE KOAST CLEAR FOR THE KARNIVAL.

What a good time you're going to have. Where? At the Karnival, to be sure. You know what a Karnival is. An lights and colors and music and games and things good to look at and things good to eat.

And see the funny balloon man out on the corner. Why, he's part of the karnival, and he's not the only funny man that you'll find walking around on April 13 and 14.

Step right into the Y. M. C. A. and have some of the famous Ruth-Ather home-made candy. You've tasted it before and always wanted more. Here's your chance.

You should bring your auto with you, for you'll want aprons and pans, and jugs and jellies, and toys and dresses for the children, and flowers for the porch, and seeds for the garden, and sakes—Oh, yes, there are some wonderful cooks in the community club. Yes, you'll need a car to take home what you buy at the Karnival.

And the children. Did you ever know of children, big or little, who don't enjoy playing a game with a prize to it? There will be games for all ages, and dancing for both old and young.

And you'll hear about the Kafe, too, open on each night. No cold supper there. Hot past beet and lamb, and out of the oven and of oranges to please the most exacting palate.

This is a secret, but they say there will be a chat there both nights. So don't worry about dinner on Friday and Saturday, April 13 and 14. Bring the whole family, eat, drink and be merry.

The Managing Committee for the Karnival consists of Mrs. A. B. Ross, Mrs. N. C. Anderson, Mrs. M. E. Vex, Mrs. C. P. Fowler.

The tickets will be in charge of: Kathleen Kibner, Mrs. H. A. Jacobs, Emily, Mrs. H. C. Bach, James and Jerry, Mrs. W. I. Rodgett, Fanny, Mrs. J. E. Chappatte, Gitt Tabor, Mrs. L. W. Arny.

LUDLOW FOR DAYLIGHT SAVING.

Representative Benjamin H. Ludlow, who speaks for this district at Harrisburg, evidently realizes that it is his job to learn the views of the majority of his constituents and work for legislation that will meet with their approval.

In a section that is suburban to Philadelphia, it is necessary that the daylight saving schedule of the past several years be maintained.

Proprietors of moving picture theatres who look only to their own pockets, and a few farmers who would have us believe that cows can read clocks, should not control legislation against the common good.

Government for the people—not for the films and the cows.

The paragraph below from the Evening Bulletin of March 20:

"The Daylight Saving Association has received an acquisition to its fighting forces when Benjamin H. Ludlow, a member of the House, promised the association he would get up on the floor and make a fight to retain the extra hour of daylight in Philadelphia."

THE BACK YARD BALL GAME

In the cycle of boy life, after the kid crowd devote a few of the spring time days to the traditional marble games, they settle down to the serious business of the baseball season. Back yards and vacant lots resound to the cheerful crack of the batted ball.

These youngsters, however, can't play the game to the full satisfaction of the grandmothers and aunts of the neighborhood. Their yelling gets on the nerves of many people, who often complain that the youngsters keep trespassing on their grounds. The tramping of all these little hoofs over their lawns frequently seems like wanton mischief.

Yet not all grown-ups realize what a critical and urgent situation develops when a kid batsman has just landed a three-bagger in the next lot, making it absolutely necessary that the ball be returned at the earliest instant. Newly-seeded lawns and well-prepared gardens are often disregarded at such a fateful juncture.

Then there may be fatal days when a wild throw lands a ball through some kitchen window. Angered by such do-

ings, some householders seize and hold all the balls they can. The kids do not mind such opposition much, as quarrels with property owners add spice to their sport. Anyway, their fathers will buy them new balls. If they can knock a ball on a man's land and get it before he does, they feel the thrill of adventure and achievement.

In considering such noise and trifling depredations, people should remember that they also were young once, and committed offenses. If you close up the children's play spots, they may loaf around the streets.

Serious mischief should not be tolerated and children ought to show respect. But they get a lot of benefit out of these back yard sports, if held within reasonable limits. The physical exercise is beneficial, and they learn to take their part in their own little world. It is more important to train them in good sportsmanship than to save every spear of grass in a lawn.

a definite necessity, but public opinion must necessarily be in sympathy with such a law.

The Narberth Civic Association of crossed Councils on this important subject a short time ago. The matter was referred to the Committee on Ordinance and Law, who no doubt will report to the next meeting of Councils. The legislation need not be drastic or work a hardship on any one. There is little doubt about the legality of such an ordinance, but that phase is being investigated through the State Attorney General.

this subject has indicated that property owners would like a protective zoning ordinance. It is hoped, however, that this presentation of the subject will bring about a discussion through the columns of Our Town which will unmistakably show public sentiment on zoning and assist Councils in their consideration of an ordinance. Frequently citizens are favorable to a constructive movement but modesty or natural inertia sometimes prevent the expression of their opinions. Won't every one interested express himself on this vital problem?

May we not have many letters in Our Town next week? Mail them to Box 966, Editor Our Town, not later than Wednesday night.

Baseball Prospects

(Continued from Page 1)

Fred Waizer and Wilmer G. Crowell, last year's manager, 36 of the 38 members voted, with a result of 20 to 16 in favor of Mr. Crowell, upon which Mr. Waizer moved that the vote be made unanimous. The scrap was a close one, and not only is it a tribute to the popularity of both men, as Mr. Nash expressed it, but it is an example of town spirit when there is such a spirited contest for a job which means no return but hard work and untiring effort.

If the spirit shown at Thursday's meeting is any criterion, a real brand of ball will be staged for Narberth fans this year.

The success of the season depends to a very great extent upon the financial support of the fans. The annual membership fee is \$10.00, which admits the holder to all games. It is necessary that at least 100 members be signed up in order to insure a successful season from the financial standpoint. Fans interested are requested to send their membership fees to the Treasurer, C. E. Harnden, 310 Dudley avenue.

Another meeting, to get actual plans under way, has been called for Thursday, April 5th, in Mr. Nash's office.
